

From 6/13/2020 to 6/14/2020 Data for Progress conducted a survey of 1,157 likely voters nationally using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, and voting history. The survey was conducted in English. The margin of error is +/- 2.9 percent

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

Do you support or oppose the government stepping in to cover workers' paychecks at businesses with significant coronavirus (COVID-19) related revenue losses, so that businesses can rehire laid-off workers -- provided that no one would be required to come into work until it was safe?

Response	Topline	Female	Male	Under 45	45+	No College	College	Black or African American	Hispanic or Latino/a	White	Democrat	Independent	Republican
