

DATA FOR PROGRESS

From August 20 to August 25, 2020, Data for Progress conducted a survey of 2,295 likely general election voters in Texas using online web panels. The responses were weighted to be representative of likely voters by age, gender, education, race, geography and voting history. The survey was conducted in English and has a Margin of Error of +/- 2 percentage points.

N=2295 unless otherwise specified. Some values may not add up to 100 due to rounding.
