

DATA FOR **PROGRESS**

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

[1] For each of these policies that could be included in an economic stimulus and coronavirus pandemic package, say whether you would support or oppose the policy: -- Extending emergency paid sick and family and medical leave to all Americans
