

From October 8 to 12, 2021, Data for Progress conducted a survey of 1,224 likely voters nationally using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, and voting history. The survey was conducted in English. The margin of error is ±3 percentage points.

N=1,224 unless otherwise specified. Some values may not add up to 100 due to rounding.

[1] Below is a list of proposals that Congress is considering, including in a new investment plan. For each set of proposals you see, say which you think is the most important and which proposal you think is least important.

Average **13** | D I R
17 13 8
