

Fighting Chance *for Families*

From December 15 to 21, 2021, Data for Progress conducted a survey of 3,039 likely voters nationally using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, and voting history. The survey was conducted in English. The margin of error is ± 2 percentage points.

Fighting Chance for Families is a project of Data for Progress and the Groundwork Collaborative.

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

N=3,039 unless otherwise specified.

[1] The expanded Child Tax Credit provides most families tax credits worth up to \$300 per month for each child they have age 6 or under — and \$250 per month for each child they have age 17 or under.

Do you support or oppose this program?

Response	Topline	Democrat	Independent / Third party	Republican	Parent of child under age 18	Not a parent of child under age 18	Received CTC	Did not receive CTC	Does not have student loan debt	I currently have student loan debt	I previously had student loan debt but no longer due
