From January 29 to February 1, 2021, Data for Progress conducted a survey of 1124 likely voters nationally using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, and voting history. The survey was conducted in English. The margin of error is ±2.9 percentage points.

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

[1] Congress is now considering providing $1,400 stimulus checks to most Americans as part of a coronavirus relief effort.
Would you support or oppose that families with U.S. citizens and green card holders be able to receive this direct aid, even if they filed a joint tax return with an undocumented spouse?

[2] Some lawmakers in Congress are proposing that a DREAM Act for frontline workers be included in the next coronavirus-relief bill. Under this proposal, undocumented immigrants working in essential industries such as meatpacking plants, on farms, or in grocery stores would have the ability to earn United States citizenship.
Would you support or oppose this proposal?
