

From March 5 to March 7, 2021, Data for Progress conducted a survey of 1429 likely voters nationally using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, and voting history. The survey was conducted in English. The margin of error is ± 3 percentage points.

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

[1] Congress is now voting on the American Rescue Plan, a \$1.9 trillion pandemic relief package that would provide additional stimulus checks to American families, funding for national vaccine distributions, and support for schools, state and local governments, and small businesses.

Do you support or oppose this bill?

[10] Thinking about the American Rescue Plan, which of the following statements comes closer to your view?

Response	Topline	Democrat	Independent / Third Party	Republican	Female	Male	Under 45	45+	No College	College	Black or African American	Hispanic or Latino/a	White	Not Christian	Christian (not Evangelical)	Evangelical
Congress needs to prioritize passing the bill to support American workers, families and small businesses who are struggling, even if this means increasing our national deficit.	58	76	56	40	57	59	56	59	57	60	59	60	58	66	58	50
Congress needs to make sure it's first balancing it's books and not unnecessarily increasing our national debt, even if this means we pass a smaller relief bill.	34	15	32	55	32	36	32	34	33	35	24	28	36	24	35	42
