

# DATA FOR **PROGRESS**

From December 19 to December 21, 2020, Data for Progress conducted a survey of 580 likely voters nationally using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, and voting history. The survey was conducted in English. The margin of error is  $\pm 4$  percentage points.

N=580 unless otherwise specified. Some values may not add up to 100 due to rounding.

<b>[1]</b> Which statement comes closer to your view, even if neither is exactly right?					
	The U.S. needs to invest more in scientific and technological innovations. By investing in the technologies of the future, we can drive innovation and create new long-term jobs while maintaining our competitive edge over China. . .	<b>71%</b>	83%	70%	60%
	The U.S. does not need to invest more in scientific and technological innovations. This is a waste of taxpayer money and the private sector should be responsible for these innovations. . . . .	<b>21</b>	10	22	33
	Don't know . . . . .	<b>7</b>	8	7	7
