

From July 30 to August 2, 2021, Invest in America and Data for Progress conducted a survey of 1,254 likely voters nationally using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, and voting history. The survey was conducted in English. The margin of error is ±3 percentage points.

N=1,254 unless otherwise specified. Some values may not add up to 100 due to rounding.
