🏨 DATA FOR *PROGRESS*

From August 11 to 16, 2021, Data for Progress conducted a survey of 2,379 likely voters nationally using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, and voting history. The survey was conducted in English. The margin of error is ±3 percentage points.

N=823 unless otherwise specified. Some values may not add up to 100 due to rounding.

[1] Lawmakers in Congress recently introduced a $3.5 trillion proposal to increase access to health care and child care, expand the use of clean energy, and increase educational opportunities.
