

DATA FOR **PROGRESS**

From December 23 to 24, 2021, Data for Progress conducted a survey of 1,187 likely voters nationally using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, and voting history. The survey was conducted in English. The margin of error is ± 3 percentage points.

N=1,187 unless otherwise specified. Some values may not add up to 100 due to rounding.

<p>[1] The U.S. government has a series of tax credits to lower the cost of new clean energy projects. Under the current system, most businesses can't take advantage of their clean energy tax credits directly and must strike deals with banks to get the benefits.</p> <p>Providers that deliver electricity to rural Americans often have a difficult time taking advantage of these tax credits.</p> <p>Would you support or oppose reforms that would make it easier for rural power providers to access the government's clean energy tax credits?</p>	Strongly support	30%	40%	31%	17
	Somewhat support	44	42	43	46
	Somewhat oppose	10	6	8	17
	Strongly oppose	5	3	4	8
