

From January 4, 2022 to January 12, 2022, Data for Progress conducted a survey of 430 registered and unregistered residents in Arizona between the ages of 18 and 36 using SMS and web panel respondents. The sample was weighted to be representative of the voting age population using age, gender, education, race and registration status. The survey was conducted in English. The margin of error is ± 5 percentage points.

NB: subgroups with a n-size less than 30 (<30) are not shown on these cross-tabs. We choose not to display N<30 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

N=430 unless otherwise specified.

[1] Do you have a favorable or unfavorable view of the following organizations?

— The Democratic Party
