

# DATA FOR **PROGRESS**

From January 26 to 30, 2022, Data for Progress conducted a survey of 1,292 likely voters nationally using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, and voting history. The survey was conducted in English. The margin of error is  $\pm 3$  percentage points.

N=1,292 unless otherwise specified. Some values may not add up to 100 due to rounding.

**[8]** To combat inflation and address supply chain disruptions, the Biden administration has done the following:

- Encouraged Congress to pass the U.S. Innovation and Competition Act to invest in domestic production of critical supply chain components
- Invested \$1 billion in independent meat and poultry producers to increase competition in the meat processing industry
- Worked with business and labor leaders to keep the Ports of Los Angeles and Long Beach — two of the busiest ports in the U.S. — operating 24 hours a day

Do you support or oppose these actions?
