

DATA FOR PROGRESS

From October 16 to 18, 2022, Data for Progress conducted a survey of 1,021 likely voters in Oregon using SMS and web panel respondents, including an oversample of voters that live in Portland. The sample was weighted to be representative of likely voters by age, gender, education, race, geography, and voting history. The survey was conducted in English. The margin of error is ± 3 percentage points.

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

N=1,021 unless otherwise specified.

[1] On **November 8, 2022**, there will be a **general election** for **Governor of Oregon** and other offices. How likely are you to vote in this election?

[32] Recently, Democrats in Congress passed the Inflation Reduction Act of 2022. Under this law, the federal government will invest over \$430 billion in clean energy and Affordable Care Act healthcare premiums. It also allows Medicare to negotiate lower drug prices and pays down the national debt by \$300 billion.

Do you support or oppose the Inflation Reduction Act of 2022?

[33] In 2022, lawmakers in Oregon established a \$15 million fund to expand access to reproductive healthcare, including abortion, for both Oregonians and people traveling into the state for care. The funding can be used by healthcare providers to buy new equipment, train new workers, and cover traveling expenses for out-of-state patients who need it.

Do you approve or disapprove of the creation of this \$15 million fund?
