⊞ DATA FOR *PROGRESS*

From June 15 to 22, 2022, Data for Progress conducted a survey of 1,481 likely voters nationally using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, and voting history. The survey was conducted in English. The margin of error is ±3 percentage points.

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

N=1,481 unless otherwise specified.

[1] Which of the following is the **most** important to your decision to vote in the November 2022 midterm elections?

Response	Topline	Democrat	Inde-pendent / Third party	Repub lican	Female	Male	Under 45	45+	No College	College	Black or African American	White	Latino/a
Economic conditions, like rising prices of food and gas	48	35	49	59	51	45	49	47	48	48	50	49	43
Climate change and the environment	5	9	4	2	4	6	7	4	4	6	2	5	6
