

DATA FOR PROGRESS

From June 24 to 27, 2022, Data for Progress conducted a survey of 2,678 likely voters nationally using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, and voting history. The survey was conducted in English. The margin of error is ± 2 percentage points.

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

N=2,678 unless otherwise specified.

[1] As you may have heard, the Supreme Court just announced its decision on *Dobbs v. Jackson*. This decision effectively overturned the protected right to an abortion under the Constitution which was established by the 1973 Supreme Court case *Roe v. Wade*.

Do you support or oppose the decision to overturn the constitutionally protected right to an abortion?

[3] In a statement that came out with the Supreme Court decision to overturn *Roe v. Wade*, Justice Thomas states that the Court should also reconsider its decisions on other cases that protect contraception, same-sex relationships, and same-sex marriage.

When thinking about these other cases, which of the following comes closer to your view, even if neither is exactly right?

Response	Topline	Democrat	Independent / Third party	Republican	Female	Male	Under 45	45+	No College	College	Asian	Black or African American	White	Latino/a

[6] Lawmakers in Congress are currently considering passing the Women's Health Protection Act, which would protect the right to get an abortion. The proposal would also protect physicians who provide abortions.

Knowing what you know now, do you support or oppose Congress passing the Women's Health Protection Act?
