

DATA FOR PROGRESS

From July 1 to 4, 2022, Data for Progress conducted a survey of 1,305 likely voters nationally using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, and voting history. The survey was conducted in English. The margin of error is ± 3 percentage points.

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

N=1,305 unless otherwise specified.

[1] Which of the following is the **most** important to your decision to vote in the November 2022 midterm elections?

Response	Topline	Democrat	Independent / Third party	Republican	Female	Male	Under 45	45+	No College	College	Black or African American	White	Latino/a
Economic conditions, like rising prices of food and gas	39	26	41	49	39	39	32	42	39	39	30	41	28
Climate change and the environment	4	7	4	1	3	5	5	4	3	5	5	4	4
Cost of healthcare	5	7	4	5	7	3	4	6	5	5	8	5	4
