

From August 19 to 21, 2022, Data for Progress conducted a survey of 1,425 likely voters nationally using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, and voting history. The survey was conducted in English. The margin of error is ±3 percentage points.

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

N=1,425 unless otherwise specified.

[1] If you don't mind saying, how much student loan debt do you have? (N=224)

[2] Due to the pandemic, the Biden administration paused payments on federally-held student loans and suspended debt collection on defaulted loans. The suspension will remain in effect through August 31st, 2022.

Do you support or oppose the **current** pause on student loan payments?
