

DATA FOR PROGRESS

From September 9 to 13, 2022, Data for Progress conducted a survey of 931 likely voters in New York using SMS and web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, geography, and voting history. The survey was conducted in English. The margin of error is ± 3 percentage points.

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

N=931 unless otherwise specified.

[19] The Biden Administration recently announced a student debt relief plan that does the following:

- Eliminates \$10,000 in federal student loan debt for every borrower whose individual income is no more than \$125,000
- Eliminates \$20,000 in student loan debt for recipients of the Pell Grant (students who came from low-income families)
- Cuts the amount that borrowers have to pay monthly for undergraduate loans in half (from 10% of income to 5% of income)
- Covers the borrower's unpaid monthly interest, so no borrower's loan balance will grow as long as they make their monthly payments
- Ensures that no one earning at or below \$15 an hour has to make monthly payments
- Eliminates loan balances in 10 years of payments instead of 20 years if the remaining loan balance is \$12,000 or less
- Extends the current pause on student loan repayments to December 31st, 2022

Having read more about it, do you support or oppose the Biden Administration's student debt relief plan?

[20] Lawmakers in Congress recently passed the Inflation Reduction Act of 2022. This bill invests \$369 billion in clean energy and \$64 billion to lower Affordable Care Act healthcare premiums.

The bill also closes tax loopholes on corporations and the wealthiest Americans and allows Medicare to negotiate lower drug prices. This will generate enough revenue to pay down the national debt by \$300 billion.

Do you support or oppose the Inflation Reduction Act of 2022?
