

From October 21 to 25, 2022, Data for Progress conducted a survey of 1,394 likely voters nationally using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, geography, and voting history. The survey was conducted in English. The margin of error is ±3 percentage points.

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

N=1,394 unless otherwise specified.

**[1]** Do you approve or disapprove of how the Biden Administration has addressed the issue of climate change and the environment?

Response	Topline	Democrat	Independent / Third party	Republican	Female	Male	No College	College	Black or African American	White	Latino/a	18 to 29	30 to 39	40 to 49	50 to 59	60 to 69	70+

From March 17 to 21, 2023, Data for Progress conducted a survey of 1,425 likely voters nationally using web panel respondents, with an oversample of voters age 18 to 29. The sample was weighted to be representative of likely voters by age, gender, education, race, geography, and voting history. The survey was conducted in English. The margin of error is ±3 percentage points.

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

N=1,425 unless otherwise specified.
