

DATA FOR PROGRESS

From September 15 to 17, 2023, Data for Progress conducted a survey of 1,194 likely voters nationally using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, geography, and voting history. The survey was conducted in English. The margin of error is ± 3 percentage points.

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

N=1,194 unless otherwise specified.

[1] Do you support or oppose continuing the DACA (Deferred Action for Childhood Arrivals) program, which allows undocumented immigrants who arrived in the U.S. as children to receive a renewable two-year period of deferred action from deportation and become eligible for a U.S. work permit?

[3] DACA (Deferred Action for Childhood Arrivals) is a program which allows undocumented immigrants who arrived in the U.S. as children to receive a renewable two-year period of deferred action from deportation and become eligible for a U.S. work permit.

Some federal judges have attempted to **strike down** DACA because it was created by "executive order" without a vote in Congress, which they argue is an unconstitutional abuse of power.

Which of the following comes closest to your view, even if neither is exactly right?
