📊 DATA FOR *PROGRESS*

From March 28 to April 14, 2025, Data for Progress conducted 3 pooled surveys resulting in 3,552 respondent interviews of U.S. likely voters nationally using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, geography, and recalled presidential vote. The survey was conducted in English. The margins of error associated with each sample size is ±3 percentage points. Results for subgroups of the sample are subject to increased margins of error. Partisanship reflected in tabulations is based on self-identified party affiliation, not partisan registration. "Persuadable voters" are voters who say they normally vote about equally for both major parties. For more information please visit dataforprogress.org/our-methodology.

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

N=3,552 unless otherwise specified.

[1] Lawmakers in Congress are considering funding levels for each of the following.

For each, please say if you think we should **increase** or **cut** its federal funding, or if we should keep federal funding at its current level.

— Supplemental Nutrition Assistance Program (SNAP, or food assistance)

Response	Topline	Democrat	Inde-pendent / Third party	Repub-lican	Female	Male	18 to 34	35 to 59	60+	No College	College	Black or African American	White	Latino	Self-identifies as disabled	Does not identify as disabled	Urban	Suburban	Rural
We should increase federal funding for this.	44	63	38	29	48	40	47	51	37	47	39	58	41	55	59	41	51	39	43
We should keep funding at current levels.	39	30	44	46	36	43	38	33	46	37	44	32	42	30	29	42	36	41	40
We should cut federal funding for this.	11	4	12	19	10	13	10	11	13	11	13	6	13	10	8	12	8	14	12
Don't know	5	3	6	7	6	4	6	5	4	6	4	4	5	6	3	5	5	5	5
Weighted N	3,552	1,362	802	1,388	1,892	1,660	602	1,427	1,523	2,288	1,264	379	2,537	440	687	2,779	1,118	1,318	1,116
