

From June 4 to 8, 2025, Data for Progress conducted a survey of 916 likely voters in North Carolina using SMS and web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, geography, and recalled presidential vote. The survey was conducted in English. The margin of error associated with the sample size is ± 3 percentage points. Results for subgroups of the sample are subject to increased margins of error. Partisanship reflected in tabulations is based on self-identified party affiliation, not partisan registration. For more information please visit dataforprogress.org/our-methodology.

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

N=916 unless otherwise specified.

[19] Republican lawmakers in Congress are proposing a tax and spending bill. It would:

- Permanently extend all 2017 tax cuts for individuals and corporations, including those for the wealthy
- Remove taxes on tips and overtime pay, and increase the Child Tax Credit by \$500 per child for some families for the next four years
- Cut over \$700 billion from Medicaid and \$300 billion from Affordable Care Act subsidies
- Cut over \$300 billion from Supplemental Nutrition Assistance Program (SNAP, or food assistance)
- Increase military and border security spending by more than \$200 billion in total
- Add nearly \$3 trillion dollars to the national debt

Do you support or oppose this tax and spending bill?

[37] When thinking how lawmakers in Congress should allocate federal funds, which of the following statements comes closer to your view, even if neither is exactly right?

Response	Topline	Democrat	Independent / Third party	Republican	Female	Male	Under 45	45+	No College	College	Black or African American	White
We should prioritize funding for programs that primarily assist low-income households, even if businesses and wealthier households have to pay more in taxes.	65	78	65	53	69	60	63	66	64	67	64	66
We should prioritize tax cuts for all Americans, including wealthier households and corporations, even if it means reducing funding for programs that primarily assist low-income households.	26	16	23	38	20	33	29	25	25	29	25	25
