

From August 1 to 3, 2025, Data for Progress conducted a survey of 596 U.S. likely voters nationally using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, geography, and recalled presidential vote. The survey was conducted in English. The margin of error associated with the sample size is  $\pm 4$  percentage points. Results for subgroups of the sample are subject to increased margins of error. Partisanship reflected in tabulations is based on self-identified party affiliation, not partisan registration. For more information please visit [dataforprogress.org/our-methodology](https://dataforprogress.org/our-methodology).

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

N=596 unless otherwise specified.

[1] Do you think the U.S. should privatize Social Security or leave it as it is?

Response	Topline	Democrat	Independent / Third party	Republican	Female	Male	Under 45	45+	No College	College	Black or African American	White	Latino
We should leave Social Security as it is	72	88	66	59	72	73	72	72	73	70	76	72	80
We should privatize Social Security	20	8	23	30	15	24	23	18	19	21	19	19	18
Don't know	8	4	10	11	13	3	5	10	8	8	5	9	2
