

From April 24 to 27, 2026, Data for Progress conducted a survey of 1,167 U.S. likely voters nationally using web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, geography, and recalled presidential vote. The survey was conducted in English. The margin of error associated with the sample size is ±3 percentage points. Results for subgroups of the sample are subject to increased margins of error. Partisanship reflected in tabulations is based on self-identified party affiliation, not partisan registration. For more information please visit dataforprogress.org/our-methodology.

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

N=1,167 unless otherwise specified.

[1] Recently, Republicans in the U.S. Senate voted for legislation to provide up to \$140 billion in funding for Immigrations and Customs Enforcement (ICE) and Customs and Border Patrol (CBP) without reforms to how their agents operate.

Do you support or oppose the new ICE and CBP funding bill?

[2] Below are two statements about federal funding for ICE. Which statement do you agree with more, even if neither are exactly correct?

Statement A: Congress should **not** pass additional funding for ICE until they enact commonsense reforms that protect Americans' constitutional rights.

Statement B: Congress should pass additional funding for ICE so we can enforce our nation's immigration laws and keep Americans safe.

[4] Which of the following statements do you agree with more, even if neither are exactly correct?

Statement A:

Instead of doing anything to lower costs, President Trump and Republicans in Congress are spending their time cutting another massive blank check for ICE and Border Patrol – without any reforms, or even basic guardrails.

Trump and Republicans in Congress have their priorities completely wrong. Families want relief from sky-high prices, not more of their tax dollars spent on a rogue agency that doesn't respect their rights.

Statement B:

At a time when the United States faces great risks to our national security, President Trump and Republicans in Congress are moving forward on rational immigration policies that secure our border. The threats to our homeland are only getting more intense and now is not the time to defund Border Patrol or ICE.

We need to give our law enforcement officers the funding they need to keep doing their jobs and keep immigration enforcement on track.

[5] Which of the following statements do you agree with more, even if neither are exactly correct?

Statement A:

President Trump and Republicans in Congress already spent \$75 billion on ICE, allowing them to hire the thousands of untrained, masked agents that are terrorizing American cities. Now Congress is planning to give ICE another \$140 billion more – once again, with no strings attached.

We need to be reining in ICE agents, not giving them another blank check.

Statement B:

At a time when the United States faces great risks to our national security, President Trump and Republicans in Congress are moving forward on rational immigration policies that secure our border. The threats to our homeland are only getting more intense and now is not the time to defund Border Patrol or ICE.

We need to give our law enforcement officers the funding they need to keep doing their jobs and keep immigration enforcement on track.
